COMMENCEMENT

UNIVERSITY OF WISCONSIN-MADISON

UNIVERSITY OF WISCONSIN-MADISON

ONE HUNDRED AND SIXTY-SECOND
Commencement

Sunday, December 21, 2014

10 a.m.

Kohl Center

Bascom Hall

UNIVERSITY OF WISCONSIN–MADISON
One Hundred and Sixty-Second Commencement

Sunday, December 21, 2014

Ph.D./M.F.A. and Professional Degrees
All Master's Degrees and Bachelor's Degrees from:
College of Letters and Science ♦ College of Engineering
College of Agricultural and Life Sciences ♦ School of Education
School of Business ♦ School of Pharmacy ♦ School of Nursing
School of Human Ecology

Processional

University School of Music Band
Professor Michael Leckrone, M.M.

*The audience is requested to rise
as the procession of officials enters*

National Anthem

Presiding Officer

Provost Sarah C. Mangelsdorf, Ph.D.

Introduction of the Official Party

Welcome from UW System Board of Regents

Regent José F. Vásquez

Charge to the Graduates

Ben Deutsch

*Vice President for Corporate Communications
The Coca-Cola Company*

Conferral of Academic Degrees

Doctor of Philosophy

Doctor of Musical Arts

Master of Fine Arts

Interim Dean Wendy C. Crone, Ph.D.

Doctor of Medicine

Master of Physician Assistant Studies

Master of Public Health

Dean Robert N. Golden, M.D.

Doctor of Juridical Science

Juris Doctor (Doctor of Law)

Master of Laws

Master of Laws–Legal Institutions

Associate Dean Tonya L. Brito, J.D.

Conferral of Academic Degrees (cont.)

Master of Accountancy

Master of Arts

Master of Business Administration

Master of Engineering

Master of International Public Affairs

Master of Music

Master of Professional French Studies

Master of Public Affairs

Master of Science

Master of Social Work

Interim Dean Wendy C. Crone, Ph.D.

Musical Interlude

University School of Music Band

Remarks on Behalf of the Alumni Association

Kelli Trumble, chair

*Wisconsin Alumni Association President's Advisory
Council*

Remarks on Behalf of the Graduates

Douglas (Dougie) L. Moss, senior class secretary

College of Letters and Science

Varsity

Varsity! Varsity! U rah rah! Wisconsin

Praise to thee we sing.

Praise to thee our Alma Mater.

U rah rah! Wisconsin!

Recessional

Please remain seated until officials have left the stage.

#uwgrad

KEYNOTE SPEAKER

Ben Deutsch

The UW–Madison senior class officers have selected Ben Deutsch, vice president for corporate communications at The Coca-Cola Company, to address degree candidates during winter commencement exercises.

A former chair of the Board of Visitors at UW–Madison’s School of Journalism & Mass Communication, he received a bachelor’s degree in journalism from the university in 1985.

“This university means so much to me. It has everything to do with whatever kind of success I’ve had, personally and professionally,” says Deutsch. “What I learned at the J-school—the impact my professors had, the help they gave in building a network and getting my first job— stays with me today.”

Since 2007, Deutsch has led an Atlanta-based communications team responsible for corporate media relations, global brand PR, social and digital communications, issues management, and internal and executive communications.

Previously, he served as director of financial communications and company spokesperson. In that role, he was responsible for developing and implementing media relations strategies that guided the company through high-profile events and properly positioned the company’s business results and its executive leadership team.

Deutsch joined Coca-Cola in 1993 as a public relations manager for Coca-Cola USA. He led national public relations programs in support of brand Coca-Cola and was the primary spokesperson for U.S. sports and promotions projects. In 1997, he became PR manager of worldwide sports and presence properties, developing and implementing public relations strategies to help Coca-Cola’s global system leverage its sponsorship of the 1998 Winter Olympics in Nagano, Japan, and the 1998 FIFA World Cup in France.

Deutsch moved to corporate media relations in 1999; in 2002, he was named director of marketing communications, where he developed and executed public relations strategies for major global marketing initiatives.

Prior to joining Coca-Cola, he worked at the Minnesota public relations firms of Shandwick USA and Wells & Miller. He was also a reporter for the *Wisconsin State Journal*.

Deutsch serves on the Boards of Directors of Leadership Atlanta, which fosters service-driven leadership, and of Covenant House Georgia, which assists homeless youth. He also served as Chair of the Board of Special Olympics Georgia and serves on the organization’s Honorary Board.

CHANCELLOR

Rebecca M. Blank

Rebecca M. Blank became chancellor of the University of Wisconsin–Madison in July 2013.

Blank’s experience blends a knowledge of economics with a history of leading through innovation, and a background as an educator and researcher. In taking the position, Blank spoke of two distinct agendas for UW–Madison: providing the next generation with the skills necessary to succeed in the world’s changing economy, and maintaining this university’s position as a leader in innovation and research.

Leading Wisconsin’s flagship university represents a return to academia for Blank. From 2009 to 2013, she served in top positions at the U.S. Department of Commerce. She started as under secretary for economic affairs, and then was named deputy secretary and acting secretary of the agency, managing nearly 45,000 employees and a \$10 billion budget. During her time at Commerce, Blank not only led a large and complex organization, but also worked to promote economic development with an emphasis on connecting research and innovation with job creation and economic growth. Before joining the Department, she was a fellow at the Brookings Institution, a nonprofit public policy research think tank in Washington, D.C.

Blank brings strong academic credentials to the position of chancellor. She served as dean and professor of public policy and economics in the Gerald R. Ford School of Public Policy at the University of Michigan from 1999 to 2008. In her role as dean, she launched such innovations as interdisciplinary graduate programs and an undergraduate public policy major. Earlier in her career, she was a member of the faculty at Northwestern University and Princeton University, as well as an assistant visiting professor at the Massachusetts Institute of Technology. She also spent two years, from 1997 to 1999, as a member of the President’s Council of Economic Advisers. Blank was on the UW–Madison campus in fall 1985 as a visiting fellow in the Department of Economics and the Institute for Research on Poverty, and has attended many conferences and events here.

Blank was born in Missouri and later moved to Minnesota. She earned an undergraduate degree in economics from the University of Minnesota, and a doctoral degree in economics from MIT.

PROVOST

Sarah C. Mangelsdorf

Sarah C. Mangelsdorf is the provost and vice chancellor for academic affairs at the University of Wisconsin–Madison. She began serving as provost in August, 2014.

Mangelsdorf comes to Madison after serving six years as the dean of the Judd A. and Marjorie Weinberg College of Arts and Sciences at Northwestern University, where she was also a member of the Department of Psychology. Prior to Northwestern, Mangelsdorf served from 2004 to 2008 as the Henry E. Preble Dean of the College of Liberal Arts and Sciences at the University of Illinois at Urbana-Champaign, and was the first woman to hold that position. She joined the University of Illinois Department of Psychology in 1991 and served as associate provost from 2001 to 2003 and head of the psychology department from 2003 to 2004. She previously served four years as an assistant professor of psychology at the University of Michigan.

Mangelsdorf's scholarship focuses on social and emotional development in infancy and early childhood, and she is the author of numerous articles in developmental psychology. At the University of Illinois, she was honored several times for her teaching. She won the Mabel Hohenboken Teaching Award in 1997 and the William Prokasy Teaching Award in 1998, the college's highest award for teaching.

She has served on the editorial boards of five academic journals, including the editorial boards of *Child Development* and *Infant Behavior and Development*, and is a fellow at the American Psychological Association. She chaired the Committee on Institutional Cooperation (CIC) Arts & Sciences Deans Group and serves as a trustee of the Erikson Institute in Chicago.

Mangelsdorf earned her undergraduate degree in psychology from Oberlin College in Ohio and her doctoral degree in child psychology from the University of Minnesota. In 2012, she received the Distinguished Alumni Achievement Award from the College of Education and Human Development at the University of Minnesota.

BOARD OF REGENTS

José F. Vásquez

University of Wisconsin System Regent José Vásquez, of Wauwatosa, Wisconsin, was named to the Board of Regents in 2008. He is retired and currently involved in several community volunteer ventures in the Milwaukee and Waukesha communities.

Vásquez has approximately 40 years of management experience in the private sector, county government, and education, including at the technical college and university level. He has served as district director for the University of Wisconsin–Extension in southeast Wisconsin and also served as a member of the board of directors at Milwaukee Area Technical College (MATC). He has also served on numerous other boards, ranging from small community-based organizations to medical organizations, cultural and art organizations, and educational organizations at the primary and higher education levels. In addition to his service on the Board of Regents, he represents the Board as its representative on the Wisconsin Technical College System board of directors.

Vásquez earned an undergraduate degree in sociology from St. Mary's University in San Antonio, Texas, and a master's degree in educational rehabilitation counseling from UW–Milwaukee.

WISCONSIN ALUMNI ASSOCIATION

Kelli Trumble

Kelli Trumble is chair of the Wisconsin Alumni Association's new President's Advisory Council. Trumble began her career in print media, following her studies in the UW–Madison School of Journalism and Mass Communication. After her hometown pride drew her to return to Wisconsin Dells, she built Sundara Inn and Spa, named one of the top five destination spas in the world by readers of *Travel + Leisure* magazine. She served a fruitful tenure as executive director of the Wisconsin Dells Visitor and Convention Bureau, then spent four years as Wisconsin's secretary of tourism. She currently owns several retail ventures in the Wisconsin Dells area and is a passionate ambassador for the natural resources that define the region.

Trumble received her undergraduate degree in journalism from UW–Madison in 1979.

Senior Class Officers

Senior class officers are elected through Associated Students of Madison (ASM) spring elections prior to beginning their service in the fall of their senior year.

The officers partner with the Office of the Chancellor, the Division of Student Life, the Wisconsin Alumni Association (WAA), and the UW Foundation. The Senior Class Officers help to plan winter and spring commencement as well as senior social events and senior week events in cooperation with WAA.

Maria Giannopoulos, president

Giannopoulos, of Sheboygan, Wis., majors in political analysis and research and communication arts with a leadership certificate. On campus, she has served as student body vice president and representative for the Associated Students of Madison. In addition, she is heavily involved with her service fraternity Alpha Phi

Omega and helped found Alpha Xi Delta sorority. Off campus, her experience includes a summer in London with the British House of Commons, a spring internship at Walt Disney World, and work with Fox News in New York. She hopes to earn her MBA and work in the political arena.

Annie Paul, vice president

Paul, of Aurora, Ill., majors in biology and political science, as well as a certificate in business. Last year, Paul served as vice president of the Wisconsin Union; she has previously held positions in College Democrats and Amnesty International. This summer she interned with General Electric's Financial Management Program. She is currently serving her third

year as the Badger Volunteers intern at the Morgridge Center for Public Service. Upon graduation, she plans to start her career as an investment banking analyst with a healthcare industry focus at TripleTree in Minneapolis, Minn.

Douglas (Dougie) L. Moss, secretary

Moss, of Northbrook, Ill., graduates with a major in biology and a certificate in leadership. On campus, he has been an active member of Greek life and served as philanthropy chair for his chapter of the Alpha Epsilon Pi fraternity. He also represented the College of Letters and Science on the Associated Students of Madison Student

Council. Moss has enjoyed volunteering with the UW Health hospital system for the past two years; he plans to apply to medical school this summer to pursue his dream of caring for others.

Brady Beck, treasurer

Beck, of West Bend, Wis., is double majoring in accounting and risk management & insurance. In order to pursue a career in accounting, he plans to spend an additional year in the Wisconsin School of Business to become eligible for the CPA exam. Awarded the Evans Scholarship, he served as president last year; during his four years in the Evans

House, he served as the chair of the community service committee and alumni committee. Currently, he interns in the accounting department for the Wisconsin Union.

The University of Wisconsin–Madison

The University of Wisconsin–Madison and its alumni have a rich tradition of national and international leadership in teaching, research and public service. We regularly rank near the top in research dollars and are rated among the strongest in the world in international reputation. Our 400,000 alumni include both the largest contingent of Peace Corps volunteers and the fourth highest number of corporate CEOs. And, as any visitor can readily attest, our beautiful lakeshore campus is considered to be among the nation’s most picturesque.

This university has existed for as long as Wisconsin has been a state, tracing its roots to a clause in the Constitution of the State of Wisconsin decreeing that the young state should have a prominent public university. In 1848, legislators passed a bill that formally created the University of Wisconsin. Its first class, with 17 students, met in Madison on February 5, 1849.

From these humble beginnings, the university has grown into a large, diverse community with more than 43,000 students representing every county in Wisconsin, 48 states and 131 other countries.

Across campus, the words “sifting and winnowing” often appear when describing UW–Madison’s intellectual life. They date back to an 1894 Board of Regents statement on academic freedom:

“Whatever may be the limitations which trammel inquiry elsewhere, we believe that the great state University of Wisconsin should ever encourage that continual and fearless sifting and winnowing by which alone the truth can be found.”

Inspired by this spirit, scholarly inquiry has fed a steady stream of discoveries. From vitamins, agricultural techniques and wildlife ecology to stem cells, biofuels and economic well-being, the university continues to foster ideas and research that change lives.

UW–Madison is the oldest and largest campus in the University of Wisconsin System. Its mission is to provide “a learning environment in which faculty, staff and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of this and future generations and improve the quality of life for all.”

The university strives to achieve these ends through the continual advancement of its teaching, research and public service programs. Throughout its history, the university has sought to bring the power of learning into students’ daily lives through innovations such as residential learning communities and service learning courses.

We are motivated by the “Wisconsin Idea” — articulated a century ago as the principle that the university’s influence should benefit everyone in the state. Today, this principle has expanded to a global scale. The Wisconsin Idea continues to permeate everything we do, helping to forge close partnerships between faculty, staff and students, and people, communities and industries around the world.

Program Notes

The school and college banners used in today’s ceremony were commissioned by the university in 1989. They are used in this and other similar ceremonies, including the Chancellor’s Convocation in August—the complementary celebration to Commencement in students’ university careers.

The banners were designed by Julie Statz, a student under the direction of Professor Patricia K. Mansfield of the School of Human Ecology. The colors used in each banner represent the various disciplines found in the university’s schools and colleges.

Academic Attire

Formal academic attire is an important component of the pageantry of the commencement ceremony.

Gowns

Gowns represent the three principal levels of academic achievement. The bachelor's gown, symbolizing the first degree, is made of black material and has a closed front and long, pointed, open sleeves. Master's candidates wear a black gown with a closed front and long, closed sleeves. The gown worn by doctoral candidates has an open front with bell-shaped sleeves. Doctoral gowns are further embellished with velvet trim in the form of crossbars on the sleeves. These are generally black but may be colored to represent the profession or major field of interest. Some doctoral gowns are colored to represent the distinctive identity of a particular institution. The latter types of gowns are generally worn without the hood.

Hoods

Academic hoods are used as a further means of identifying the level of degree attainment. The bachelor's hood, worn only by those who have previously received a baccalaureate degree, is rather short with a narrow velvet edging the color of the appropriate discipline and a lining in the color of the institution—cardinal at Wisconsin. The master's hood is considerably longer, has a wider velvet edging and exposes more of the lining. Doctoral hoods have the widest velvet edging, wide panels at either side, greater length and a fully exposed lining.

Caps and Tassels

Candidates for the bachelor's degree wear the black mortarboard cap with tassels of their course color. The tassel is worn on the right side until the formal conferral of the degree. At that time the tassel is worn on the left side. Candidates for all higher degrees wear black mortarboard caps with black tassels on the left side. Some holders of degrees from other countries or institutions wear special hats which are distinctive to their degree.

Honors

Bachelor's degree candidates with distinctive scholastic achievement (the top 20 percent within the school or college) wear cardinal stoles over the fronts of their gowns. Bachelor's degree candidates participating in an honors program wear white stoles with cardinal bars. Law degree candidates who have been awarded the Dean's Academic Achievement Award are similarly distinguished by cardinal stoles.

This list of undergraduate degree candidates was compiled from information available to the Office of the Registrar as of November 14, 2014 and should not be regarded as conclusive evidence of graduation or academic standing.

Selection as an *honors candidate* indicates participation in the honors program in the student's school or college and does not necessarily indicate fulfillment of the requirements for a degree with honors.

A student selected for *distinctive scholastic achievement* has completed a minimum of 60 credits at UW–Madison and has a cumulative grade-point average placing her/him within the top 20% of graduating students in the school or college.
