## KEYNOTE SPEAKER

### Allan H. “Bud” Selig

Allan H. “Bud” Selig recalls his undergraduate time on campus as four of the best years of his life. He loved studying in the Wisconsin Historical Society Reading Room and hanging out with his fraternity brother and roommate Herb Kohl—later to become Senator Herb Kohl.

Selig graduated in 1956 with a double major in history and political science. For a time, he thought he might become a history professor. His career took him elsewhere, and the game of baseball would never be the same.

Selig founded the Milwaukee Brewers in 1970 and owned the team until becoming interim commissioner of Major League Baseball in 1992. He was named the official commissioner in 1998 and served until 2015. In total, he presided over the national pastime for more than 22 years.

He ushered in major changes during his tenure, including wild card and interleague play. And he restructured baseball’s economic landscape, which resulted in greater competitive balance among the teams and more than 22 years of labor peace. Inducted into the National Baseball Hall of Fame in 2017, Selig now serves as commissioner emeritus.

Throughout his career, Selig has kept in close touch with his alma mater, becoming one of its biggest boosters. He co-teaches the advanced-level seminar “Baseball & Society Since WWII” and maintains an office in the Department of History, where he endowed the Allan H. Selig Chair. The Athletic Department’s student-athlete performance facility is home to the Bud Selig Hall of Champions welcome center. In 2014, he received a Distinguished Alumni Award.

Selig has received many honors for his accomplishments and philanthropy. In 2010, the Jackie Robinson Foundation, which aids academically distinguished students of color, presented him with its Lifetime Achievement Award. The same year, the Milwaukee Brewers unveiled a Selig statue at Miller Park, honoring his efforts for his hometown and his leadership of the Brewers and the game of baseball.

## CHANCELLOR

### **Rebecca M. Blank**

Rebecca M. Blank became chancellor of the University of Wisconsin–Madison in July 2013. Since then, she has presided over a major effort to expand and improve educational opportunities, both inside and outside of the classroom, to better prepare students to succeed in a rapidly changing economy. At the same time, she has worked to maintain the university’s position as a global leader in innovation and research and has emphasized the role of the university in nurturing entrepreneurship and driving economic development.

Blank is an internationally respected economist who has also spent time in Washington, D.C., working in three different administrations. Most recently, she served as Deputy Secretary and Acting Secretary of the U.S. Department of Commerce under President Obama.

She also brings strong academic credentials to the position of chancellor. She served as dean and professor of public policy and economics in the Gerald R. Ford School of Public Policy at the University of Michigan from 1999 to 2008. In her role as dean, she launched such innovations as interdisciplinary graduate programs and an undergraduate public policy major. Earlier in her career, she was a member of the faculty at Northwestern University and Princeton University.

A native Midwesterner, Blank earned an undergraduate degree in economics from the University of Minnesota and a doctoral degree in economics from MIT.

In 2015, Blank was awarded the Daniel Patrick Moynihan Prize by the American Academy of Political and Social Science. The prize honors individuals who use sound analysis and social science research to inform public policy while also contributing to the public discourse on society’s most pressing issues.

Blank is a frequent speaker on the importance of public research universities. She has been part of a vital national conversation about how to keep these institutions financially stable and thriving.

Her leadership has reinforced UW–Madison’s position as one of the world’s top universities—a center for education, discovery, and research, committed to sharing knowledge and innovation that improves lives in Wisconsin and around the globe.

## PROVOST

### **Sarah C. Mangelsdorf**

Sarah C. Mangelsdorf is the provost and vice chancellor for academic affairs at the University of Wisconsin–Madison. She began serving as provost in August 2014.

Mangelsdorf came to Madison after serving six years as the dean of the Judd A. and Marjorie Weinberg College of Arts and Sciences at Northwestern University, where she was also a member of the Department of Psychology. Prior to Northwestern, Mangelsdorf served from 2004 to 2008 as the Henry E. Preble Dean of the College of Liberal Arts and Sciences at the University of Illinois at Urbana-Champaign—the first woman to hold that position. She joined the University of Illinois Department of Psychology in 1991 and served as associate provost from 2001 to 2003 and head of the psychology department from 2003 to 2004. She previously served four years as an assistant professor of psychology at the University of Michigan.

Mangelsdorf's scholarship focuses on social and emotional development in infancy and early childhood, and she is the author of numerous articles in developmental psychology. At the University of Illinois, she was honored several times for her teaching. She won the Mabel Hohenboken Teaching Award in 1997 and the William Prokasy Teaching Award, the college's highest award for teaching, in 1998.

She has served on the editorial boards of five academic journals, chaired the Committee on Institutional Cooperation (CIC) Arts & Sciences Deans Group, and she currently serves as a trustee of the Erikson Institute in Chicago, and on the Executive Committee of the Council of Academic Affairs at the Association of Public and Land Grant Universities (APLU).

Mangelsdorf earned her undergraduate degree in psychology from Oberlin College in Ohio and her doctoral degree in child psychology from the University of Minnesota. In 2012, she received the Distinguished Alumni Achievement Award from the College of Education and Human Development at the University of Minnesota, and in 2013 she was named a fellow in the American Psychological Association (APA).

## BOARD OF REGENTS

### **Regina M. Millner**

University of Wisconsin System Regent Regina M. Millner, of Madison, Wisconsin, was first appointed to the board in 2012.

Millner's career as a lawyer and consultant in commercial real estate spans more than 30 years. She has served in leadership positions on the boards of many for-profit and not-for-profit corporations, including MGE Energy, CG Schmidt, the Wisconsin Alumni Association, the UW–Madison Athletic Board, the Wisconsin Real Estate Alumni Association, the Chazen Art Museum Council, and the Chancellor's Advisory Board. She is also very active in the Madison community, having served on the boards of the Rotary Club of Madison, Meriter Hospital and Health Services, Madison Symphony Orchestra, and the Madison Children's Museum, among others.

A proud Badger alumna, Millner earned her law degree from the University of Wisconsin Law School and her master's degree in real estate and urban land economics from the Wisconsin School of Business. She also earned an undergraduate degree in education from the University of Nebraska–Lincoln.

## STUDENT KEYNOTE SPEAKER

### **Jamie N. Dawson**

Jamie Dawson, born and raised in Tampa, Florida, came to UW–Madison by way of the ninth cohort of the First Wave Hip Hop and Urban Arts Scholarship Program as a spoken word and performance artist. The pillars of arts, academics, and activism are the foundation upon which she built her undergraduate career. During her time on campus, she worked as the house fellow for the Multicultural Learning Community, helped facilitate Our Wisconsin, the identity and inclusion workshop for first-year students, and served as a research assistant with the Language & Cognitive Neuroscience Lab. In April 2017, Miss Dawson was inducted into the Phi Beta Kappa Honor Society and has since served as a fellow for the Alpha Chapter of Wisconsin. During her summers, she turned the world into her classroom by studying abroad and interning in Brazil, New York, the Netherlands, and Denmark. Miss Dawson is a proud first-generation college student and is earning a bachelor of arts degree with majors in Afro-American studies and psychology. In the future, Miss Dawson will be pursuing energetic and fast-paced opportunities where she can focus, be a leader, give back to the community, and flex her creative mind.

## SENIOR CLASS OFFICERS

---

The Senior Class Officers are comprised of two elected officers, the President and Vice President, and three selected officers, the Communications, Philanthropy, and Events Directors. Elections and interviews took place in the spring semester prior to the beginning of their service in the fall of their senior year.

Part of the Division of Student Life, the officers also partner with the Wisconsin Foundation and Alumni Association (WFAA) and the Office of the Chancellor. The Senior Class Officers plan spring and winter commencement as well as senior social events and senior week events in cooperation with WFAA.

### **Ronald Steinhoff, *Senior Class President***

Born and raised in Eden Prairie, Minnesota, Steinhoff is majoring in political science and Spanish in

the L&S Honors program with certificates in global health and leadership. He spent the spring 2018 semester studying abroad in Madrid, Spain. Steinhoff serves as the president of the Honors Student Organization and Pi Sigma Alpha, the political science honor society. He also is on the executive board of Greek IV, a Christian organization for Greeks, and previously served as the first Health and Wellness Chair of his fraternity, Chi Psi. Last year, Steinhoff was a Mount Vernon Leadership Fellow and spent the summer in Washington, D.C. Additionally, he volunteers with Badger SPILL, an online, peer-based support system, and his senior thesis focuses on improving access to mental health services at UW–Madison. In the future, he hopes to work in the health policy field to advocate for affordable and accessible healthcare for all. He has already begun this work by interning at the Wisconsin State Legislature and as a public policy intern at a health insurance provider.

### **Caroline Matkom, *Senior Class Vice President***

Originally from Milwaukee, Wisconsin, Matkom is pursuing a community and nonprofit leadership

degree with certificates in business and educational policy. While serving as a program officer for Malawi Children's Village and president of the student organization Project Malawi, Matkom created a women's empowerment program that focuses on strengthening Malawian women from cradle to college. She raised \$10,000 for an all-women's school in Senegal and created a grant to support Greek women's service endeavors through her position as Panhellenic vice president. As a Wisconsin Athletics intern, Special Olympic intern, and president of Gamma Phi Beta, Matkom established a new annual event where Special Olympic athletes, Badger athletes, and Greek life members come together for a volleyball tournament that fundraises for local Special Olympics and Girls on the Run chapters. Matkom serves as a Clinton Foundation fellow, a board member of Gio's Garden, and as a member of the Dean of Student's Advisory Board. She is a cellist in the school orchestra.

**Mara Matovich, Senior Class Communications Director**

A native of Franklin, Wisconsin, Matovich is pursuing a bachelor's degree in political

science and communication arts with a certificate in digital studies. In her freshman year, she was a student government intern for Associated Students of Madison (ASM), as well as an intern in the Wisconsin State Senate and Assembly. During her involvement in ASM, she has completed a tuition transparency campaign, served as shared governance campaign director, and represented the student voice on multiple shared governance committees. She is an alumna of the Wisconsin State Senate Scholar Program, the United States Senate Youth Program, and the Henry Clay Center for Statesmanship College Student Congress. Matovich also enjoys digital storytelling and photography. Her work has been featured online for the city of Madison, Lake Geneva Regional News, the Wisconsin Union, and the Wisconsin Idea Seminar. She is a trumpet player in the UW–Madison marching band. She hopes to pursue a career related to government communications.

**Zachary Klayman, Senior Class Philanthropy Director**

Klayman is a finance major originally from Bethesda, Maryland. He started his undergraduate career in the

Entrepreneurial Learning Community (ERLC), which fostered his interest in entrepreneurship and business. He has worked on multiple new ventures and led the marketing and sales team at Torridity, a student-run company that won “Best Pitch” at Transcend Madison. Klayman participated in many philanthropic activities with his fraternity. In the second semester of his junior year, he studied abroad at City University of Hong Kong and traveled across Southeast Asia. Klayman has had a wide array of internship experiences, including roles at an infrastructure association, a political tech startup, a wealth management firm, a real estate group, and a national bank. Outside of work, Klayman enjoys many outdoor activities and attended the Hoofers skiing trip to Jackson Hole, Wyoming. Klayman will be working full-time with JPMorgan Chase in New York City after graduation.

**Mackenzie Rabas, Senior Class Events Director**

Rabas is a graduate of Kettle Moraine Lutheran High School in Jackson, Wisconsin. As a Community

Memorial Hospital Scholarship recipient, she has always had a passion for medicine. She is majoring in neurobiology with a certificate in studio art, while fulfilling pre-medical requirements. Rabas is the director of program development for the American Medical Student Association, a pre-medical organization on campus, and is also an undergraduate research assistant in a pediatric oncology lab at the Wisconsin Institutes for Medical Research. Rabas combines her love for medicine and art through her work with Love Your Melon, a campus group that raises awareness for pediatric cancer through events and volunteering. She also volunteers with Dane Arts Mural Arts, a public art project working within the Madison community. Finally, Rabas works as an emergency medical technician in Belleville, Wisconsin. She plans to apply to medical school post-graduation.

## Program Notes

The school and college flags used in today's ceremony were commissioned for this event by Chancellor Rebecca Blank. They are used in this and other similar ceremonies, including the Chancellor's Convocation for incoming students—the complementary celebration to Commencement in students' university careers.

The flags' background wave design reflects the university's location along Lake Mendota. Colors on each flag reflect the traditional academic colors for the courses of study within each school or college. The Graduate School, School of Education, and College of Letters & Science are multicolored, representing their varied disciplines. Flags also feature the year in which each school or college was founded, from 1848 for the Law School and School of Medicine and Public Health (authorized in the charter for the newly created university) to 1983 for the School of Veterinary Medicine.

**Flag bearers in the opening procession were selected by the dean of each school and college to represent their fellow students:**

## Academic Attire

Formal academic attire is an important component of the pageantry of the commencement ceremony.

### Gowns

Gowns represent the three principal levels of academic achievement. The bachelor's gown, symbolizing the first degree, is made of black material and has a closed front and long, pointed, open sleeves. Master's candidates wear a black gown with a closed front and long, closed sleeves. The gown worn by doctoral candidates has an open front with bell-shaped sleeves. Doctoral gowns are further embellished with velvet trim in the form of crossbars on the sleeves. In spring 2017, the gown designs were updated to include the University of Wisconsin–Madison colors and crest logo, providing both a pop of red among the traditional sea of black and an additional display of UW spirit that's recognizable to all.

### Hoods

Academic hoods are used as a further means of identifying the level of degree attainment. The bachelor's hood, worn only by those who have previously received a baccalaureate degree, is rather short with a narrow velvet edging the color of the appropriate discipline and a lining in the color of the institution—cardinal at Wisconsin. The master's hood is considerably longer, has a wider velvet edging and exposes more of the lining. Doctoral hoods have the widest velvet edging, wide panels at either side, greater length and a fully exposed lining.

### Caps and Tassels

Candidates for the bachelor's degree wear the black mortarboard cap with tassels of their course color. The tassel is worn on the right side until the formal conferral of the degree. At that time, the tassel is moved from the right to the left side. Candidates for all higher degrees wear black mortarboard caps with black tassels on the left side. Some holders of degrees from other countries or institutions wear special hats which are distinctive to their degree. Graduates displaying the red and white philanthropy cord have chosen to make a financial gift commitment of support to the university.

### Honors

Bachelor's degree candidates with distinctive scholastic achievement (the top 20 percent within the school or college) wear cardinal stoles over the fronts of their gowns. Bachelor's degree candidates participating in an honors program wear white stoles with cardinal bars. Law degree candidates who have been awarded the Dean's Academic Achievement Award are similarly distinguished by cardinal stoles.

## The University of Wisconsin–Madison

The University of Wisconsin–Madison and its alumni have a rich tradition of national and international leadership in teaching, research, entrepreneurship, and public service. We regularly rank near the top in research dollars and are rated among the strongest in the world in international reputation. And, as any visitor can readily attest, our beautiful lakeshore campus is considered to be among the nation’s most picturesque.

This university has existed for as long as Wisconsin has been a state, tracing its roots to a clause in the Constitution of the State of Wisconsin decreeing that the young state should have a prominent public university. In 1848, legislators passed a bill that formally created the University of Wisconsin. Its first class, with 17 students, met in Madison on February 5, 1849.

From these humble beginnings, the university has grown into a large, diverse community with more than 43,000 students representing every county in Wisconsin, 50 states, and 126 countries.

Across campus, the words “sifting and winnowing” often appear when describing UW–Madison’s intellectual life. They date back to an 1894 Board of Regents statement on academic freedom:

*“Whatever may be the limitations which trammel inquiry elsewhere, we believe that the great state University of Wisconsin should ever encourage that continual and fearless sifting and winnowing by which alone the truth can be found.”*

Inspired by this spirit, scholarly inquiry has fed a steady stream of discoveries. From vitamins, agricultural techniques, and wildlife ecology to stem cells, biofuels, and economic well-being, the university continues to foster ideas and research that change lives.

UW–Madison is the oldest and largest campus in the University of Wisconsin System. Its mission is to provide “a learning environment in which faculty, staff, and students can discover, examine critically, preserve, and transmit the knowledge, wisdom, and values that will help ensure the survival of this and future generations and improve the quality of life for all.”

The university strives to achieve these ends through the continual advancement of its teaching, research, and public service programs. Throughout its history, the university has sought to bring the power of learning into students’ daily lives through innovations such as residential learning communities and service learning courses.

We are motivated by the “Wisconsin Idea”—articulated a century ago as the principle that the university’s influence should benefit everyone in the state. Today, this principle has expanded to a global scale. The Wisconsin Idea continues to permeate everything we do, helping to forge close partnerships between faculty, staff, and students, and people, communities, and industries around the world.

This list of graduate degree candidates was compiled from information available to the Office of the Registrar and to the Graduate School as of November 2, 2018, and should not be regarded as conclusive evidence of graduation or academic standing.

## UNDERGRADUATE DEGREE CANDIDATES

This list of undergraduate degree candidates was compiled from information available to the Office of the Registrar as of November 2, 2018, and should not be regarded as conclusive evidence of graduation or academic standing.

Selection as an *honors candidate* indicates participation in the honors program in the student's school or college and does not necessarily indicate fulfillment of the requirements for a degree with honors.

A student selected for *distinctive scholastic achievement* has completed a minimum of 60 credits at UW–Madison and has a cumulative grade-point average placing her/him within the top 20% of graduating students in the school or college.
