UNIVERSITY OF WISCONSIN–MADISON

ONE HUNDRED AND SIXTY-EIGHTH
Commencement

Sunday, December 19, 2021
10:00 a.m.
Kohl Center
A message from Chancellor Rebecca Blank:

Congratulations to the University of Wisconsin–Madison Class of 2021! I join your family and friends in congratulating you on everything you have accomplished, and I want to thank you for the contributions you’ve made to the university during your time here.

Our December graduates have spent nearly two years under the constraints imposed by COVID-19. Throughout that time, I have been impressed by the resilience and grace you’ve demonstrated in the face of upheaval and uncertainty. I want to extend a special thank-you to the family and friends whose love and support have helped carry you through.

Students come to UW–Madison because they want to be actively involved in understanding and solving complex problems, but it is rare for a graduating class to immediately confront problems that impact all of humanity. This class faces the twin challenges of helping to build a future that strengthens us against future pandemics and rooting out systemic racism to put an end to inequity and injustice.

Your UW–Madison diploma will tell the world you’re ready and able to be a part of this vital work.

At each commencement ceremony, I have the privilege of welcoming our newest graduates to the worldwide family of Badger alumni. Wherever your next opportunity takes you, your fellow Badgers will be there to support you.

And every once in a while, I hope you’ll stop by or check in to let us know how you’re doing so we can celebrate your future achievements with you.

Congratulations and On, Wisconsin!

Rebecca Blank
Chancellor Rebecca Blank

Chancellor Rebecca M. Blank
University of Wisconsin–Madison • Bascom Hall • 500 Lincoln Drive • Madison, Wisconsin 53706
**Processional of the Official Party**

“Pomp and Circumstance March No. 1”
Commencement Band, Mead Witter School of Music

*The audience is requested to rise as the procession of official party members enters led by graduates representing each of the schools and colleges with their respective flags.*

**The National Anthem**
Delilah Jane Schuster ’21, Bachelor of Music, Education

**Presiding Officer**
Provost John Karl Scholz, PhD

**Welcome from UW–Madison Chancellor**
Chancellor Rebecca M. Blank, PhD

**Welcome from UW System Board of Regents**
Karen Walsh ’81, ’89

**Recognition of Honorary Degrees**
Honorees presented by Professor Dietram A. Scheufele, PhD, Chair, Committee on Honorary Degrees

V. Craig Jordan
Honorary Doctor of Science
Escorted by: Andreas Friedl, PhD, Chair and Professor, Department of Pathology and Laboratory Medicine

Michael G. Moore ’76
Honorary Doctor of Humane Letters
Escorted by: Diana Hess, PhD, Dean, School of Education

**Charge to the Graduates**
Introduction of Keynote Speaker
Harrison Freuck ’21
Bachelor of Science, Journalism
Keynote Speaker
Manu Raju ’02

**Recognition of Academic Degrees**

**Graduate School**
Doctor of Philosophy
Doctor of Musical Arts
Master of Fine Arts
   *Dean William J. Karpus, PhD*

**School of Medicine and Public Health**
Doctor of Medicine
Doctor of Physical Therapy

Master of Genetic Counselor Studies
Master of Physician Assistant Studies
Master of Public Health
   *Dean Robert N. Golden, MD*

**Law School**
Doctor of Juridical Science
Juris Doctor (Doctor of Law)
Master of Laws
   *Dean Daniel P. Tokaji, JD*

**Conferral of Master's Degrees**

**Graduate School**
Master of Accountancy
Master of Arts
Master of Business Administration
Master of Engineering
Master of International Public Affairs
Master of Music
Master of Professional French Studies
Master of Public Affairs
Master of Science
Master of Social Work
   *Dean William J. Karpus, PhD*

**Remarks on Behalf of the Graduates**
Jai Khanna ’21
Bachelor of Science, Mechanical Engineering

**Remarks on Behalf of the Wisconsin Alumni Association**
Sarah Schutt

**Recognition of Graduates with Honors and Distinction**

**Conferral of Baccalaureate Degrees**

**College of Agricultural and Life Sciences**
Bachelor of Science
Bachelor of Science–Agricultural Business Management
Bachelor of Science–Biological Systems Engineering
Bachelor of Science–Nutrition and Dietetics
   *Dean Kathryn A. VandenBosch, PhD*

**School of Business**
Bachelor of Business Administration
   *Dean Vallabh Sambamurthy, PhD*
School of Education
Bachelor of Fine Arts
Bachelor of Science–Art
Bachelor of Science–Art Education
Bachelor of Science–Athletic Training
Bachelor of Science–Dance
Bachelor of Science–Education
Bachelor of Science–Education Studies
Bachelor of Science–Health Promotion and Health Equity
Bachelor of Science–Kinesiology
Bachelor of Science–Physical Education
Bachelor of Science–Rehabilitation Psychology
Bachelor of Science–Theatre and Drama
  Dean Diana Hess, PhD

College of Engineering
Bachelor of Naval Science
Bachelor of Science–Biomedical Engineering
Bachelor of Science–Chemical Engineering
Bachelor of Science–Civil Engineering
Bachelor of Science–Computer Engineering
Bachelor of Science–Electrical Engineering
Bachelor of Science–Engineering Mechanics
Bachelor of Science–Engineering Physics
Bachelor of Science–Geological Engineering
Bachelor of Science–Industrial Engineering
Bachelor of Science–Materials Science and Engineering
Bachelor of Science–Mechanical Engineering
Bachelor of Science–Nuclear Engineering
  Dean Ian M. Robertson, PhD

School of Human Ecology
Bachelor of Science–Community and Nonprofit Leadership
Bachelor of Science–Consumer Behavior and Marketplace Studies
Bachelor of Science–Human Development and Family Studies
Bachelor of Science–Human Ecology
Bachelor of Science–Interior Architecture
Bachelor of Science–Personal Finance
Bachelor of Science–Textiles & Fashion Design
  Dean Soyeon Shim, PhD

College of Letters & Science
Bachelor of Arts
Bachelor of Arts–Journalism
Bachelor of Landscape Architecture
Bachelor of Music
Bachelor of Science
Bachelor of Science–Applied Mathematics, Engineering and Physics
Bachelor of Science–Journalism
Bachelor of Social Work
  Dean Eric M. Wilcots, PhD

School of Nursing
Bachelor of Science–Nursing
  Dean Linda D. Scott, PhD, RN, NEA-BC, FAAN

Turning of the Tassel
Closing Remarks

Varsity
Performed by the University Commencement Band
Mead Witter School of Music

Varsity! Varsity! U rah rah! Wisconsin,
Praise to thee we sing!
Praise to thee our Alma Mater,
U rah rah! Wisconsin!

Badgers are social creatures. Share your Winter 2021 Commencement memories with #UWGrad
Manu Raju is CNN’s chief congressional correspondent, covering Capitol Hill and campaign politics. Raju is a veteran reporter in Washington, having previously served as a top Capitol Hill correspondent at Politico for seven years.

Prior to his time at Politico, Raju reported for *The Hill* newspaper, Congressional Quarterly, and Inside Washington Publishers. He has long been a frequent guest on political talk shows on TV and radio.

The son of Indian immigrants, Raju grew up in Darien, a small Chicago suburb, where his father worked as a doctor at the University of Illinois—Chicago Hospital. His writing roots extend to his late grandfather, Gopalakrishna Adiga, a legendary poet from South India.

Raju got his start in journalism as a student reporter for the *Badger Herald* — his first assignment was covering men’s hockey. He worked his way up to sports editor, then later landed an internship with the NBC affiliate in Madison. He also worked for the student radio station WSUM. He earned a bachelor’s degree in marketing from the University of Wisconsin–Madison in 2002.

Raju has won multiple journalism awards for his reporting on the major battles consuming Washington and his coverage of campaign politics, including the 2017 Joan Shorenstein Barone award, given annually by the Radio and Television Correspondents’ Association for the best congressional reporting. In 2021, Raju was part of a team that won the prestigious David Bloom award from the Radio and Television Correspondents’ Association for its coverage of the January 6 attack on the U.S. Capitol.

Raju has developed a reputation as a reporter who can find out what politicians are privately discussing. And he is well-known for his sharp questioning of politicians, a skill he showcased in 2014 when he moderated debates in two of the biggest races in the country — for a key Senate seat in Colorado and a hotly contested governor’s race there as well.

Raju resides in Washington, D.C., where he and his wife, Archana, are raising six-year-old twins. Over the years, Raju has retained close ties to his alma mater. His Twitter bio concludes with the phrase “Wisconsin Badger for life.”
Rebecca M. Blank became chancellor of the University of Wisconsin–Madison in July 2013. Since then, she has presided over a major effort to expand access and improve educational outcomes, making sure that students are prepared to succeed in a rapidly changing economy. Under her leadership, the UW has improved graduation rates; reduced student debt levels; created the School of Computer, Data, and Information Sciences; expanded online learning; and launched Bucky’s Tuition Promise, assisting low-income students in Wisconsin to attend the state’s flagship university. At the same time, she has worked to maintain the university’s position as a global leader in innovation and research, nurturing entrepreneurship and driving economic development.

Blank is an internationally respected economist who worked in three different presidential administrations. Most recently, she served as Deputy Secretary and Acting Secretary of the U.S. Department of Commerce under President Obama. She also brings strong academic credentials to the position of chancellor. She served as dean and professor of public policy and economics in the Gerald R. Ford School of Public Policy at the University of Michigan from 1999 to 2008. Earlier in her career, she was a member of the faculty at Northwestern University and Princeton University.

A native Midwesterner, Blank earned an undergraduate degree in economics from the University of Minnesota and a doctoral degree in economics from MIT.

Blank is a member of the American Academy of Arts and Sciences and is one of four U.S. economists honored as 2021 Distinguished Fellows of the American Economic Association.

She has received numerous other awards including the Daniel Patrick Moynihan Prize given by the American Academy of Political and Social Science to individuals who use social science research to inform public policy while also contributing to the public discourse on society’s most pressing issues.

Blank has been part of a vital national conversation about how to keep public universities financially stable and thriving. Her leadership has burnished UW–Madison’s reputation as one of the world’s top universities — a center for education, discovery, and research, committed to sharing knowledge and innovation that improves lives in Wisconsin and around the globe.
John Karl Scholz began serving as provost in August 2019 after six years as the dean of the College of Letters & Science at UW–Madison. Scholz is also the Nellie June Gray Professor of Economic Policy in the Department of Economics, which he joined in 1988.

From 1997 to 1998, Scholz was the deputy assistant secretary for tax analysis at the U.S. Treasury Department, and from 1990 to 1991 he was a senior staff economist at the Council of Economic Advisors. Scholz directed the Institute for Research on Poverty at UW–Madison from 2000 to 2004.

Professor Scholz is an internationally respected economist whose work on household saving, low-wage labor markets, financial barriers to higher education, and bankruptcy has appeared in leading economics journals.

A native of Nebraska, Scholz graduated from Carleton College in Northfield, Minnesota, and earned his doctorate from Stanford University.
Groundbreaking cancer researcher Dr. V. Craig Jordan is considered the “Father of Tamoxifen,” the therapeutic drug credited with saving millions of cancer patients and preventing the development of breast cancer in women at high risk. Jordan was the first researcher to identify the drug’s breast cancer prevention properties — work he began years ago while leading the UW’s breast cancer research efforts.

Jordan earned a bachelor’s degree (1969) and a doctorate (1973) in pharmacology from the University of Leeds in England. In 1977, he spent time as a visiting investigator in the Department of Human Oncology at UW–Madison. He joined the faculty of UW–Madison in 1980. In 1985, Jordan was promoted to professor of human oncology and pharmacology and director of the Breast Cancer Research and Treatment Program at the University of Wisconsin Comprehensive Cancer Center. He remained at UW–Madison until 1993.

After the UW, Jordan held faculty positions and key cancer research–related leadership positions at Northwestern University, the Fox Chase Cancer Center in Philadelphia, and Georgetown University. Currently, he is a professor of breast medical oncology at the MD Anderson Cancer Center at the University of Texas in Houston. He is also the Dallas/Fort Worth Living Legend Chair of Cancer Research.

Jordan’s career focuses on the treatment of hormone receptor–positive breast cancer, the most common subtype of breast cancer, and specifically on the development of selective estrogen receptor modulators, or SERMs. These medicines, discovered during Jordan’s tenure at Wisconsin, have improved women’s health by treating and preventing breast cancer and osteoporosis with the potential to also prevent coronary heart disease and strokes. He currently is working to develop a new therapeutic approach to breast cancer maintenance so that women diagnosed with breast cancer can live their normal life spans.

Jordan’s many honors include being appointed in 2019 to be Companion of the Most Distinguished Order of St. Michael and St. George by Queen Elizabeth II for his services to women’s health.

Jordan received his Honorary Doctor of Science from UW–Madison in winter 2020, in absentia.
HONORARY DEGREE

Dr. Michael G. Moore

Named as “one of the 128 most important, influential, innovative, and interesting thinkers on education of all time” (The Routledge Encyclopaedia of Educational Thinkers, 2016), Michael G. Moore is recognized internationally for establishing the scholarly study of distance education and for pioneering the methods of teaching online.

A graduate of the London School of Economics, Moore spent seven early years in East Africa where he developed a lifelong commitment to creating alternative forms of education, especially adult education, as the means of opening opportunity to the economically and socially deprived. Arriving in Madison as a graduate student in 1970, he undertook an analysis of such programs, developing a theory and definition of what he referred to as “distance education” in his doctoral dissertation. Today, the field is widely referred to as e-learning and online learning. His doctorate was awarded by UW–Madison in 1976.

As a visiting professor in the UW’s Department of Continuing and Vocational Education in 1979 and again between 1984 and 1986, he designed and taught the first graduate-level seminars in the discipline in the U.S. and probably the world.

Many other firsts followed. Moore proposed and helped plan the first national conference on distance education at UW–Madison in 1985. The conference continues to be held each summer at the UW. He established the American Center for the Study of Distance Education at Pennsylvania State University, and he launched the American Journal of Distance Education.

Moore has traveled to more than 30 countries to advocate for distance learning and has played a significant role in developing distance education programs in Latin America, Scandinavia, Asia, and Africa. During his tenure as a visiting scholar at the World Bank, he led the development of some of the first international courses online.

Moore served on the faculty of the Open University in the United Kingdom, and Penn State. He retired from Penn State in 2013 as a distinguished professor emeritus of education.

Moore received his Honorary Doctor of Humane Letters from UW–Madison in winter 2020, in absentia.
Karen Walsh is director of the BerbeeWalsh Foundation, a family foundation dedicated to human and animal health and welfare. Since 2006, the foundation has awarded more than $8 million dollars in grants in Wisconsin, including a gift to the University of Wisconsin Hospitals and Clinics that created the BerbeeWalsh Department of Emergency Medicine. Walsh was a newscaster and reporter for news outlets including Wisconsin Public Radio prior to serving for 23 years in a variety of public information and communications positions at UW–Madison. She retired in 2005 as the assistant dean for external relations in the College of Engineering, directing alumni and donor communications, news media relations, and industry communications. Her honors include publications awards with the National Association of Government Communicators, the university’s Bollinger Academic Staff Achievement Award, and Philanthropist of the Year from the Dane County Humane Society. A native of Columbus, Wisconsin, Walsh holds bachelor’s and master’s degrees in journalism from UW–Madison. She serves on a number of nonprofit boards, including the Board of Visitors at the UW–Madison School of Veterinary Medicine, the Madison Cat Project, and the Access Community Health Centers Community Partners Board. She is also a past president of the Madison Opera Board of Trustees. She and her husband, Dr. James Berbee, live in Madison.
Student commencement speaker Jai Khanna is a proud Badger who brought long-established leadership skills and an international mindset to his time at UW–Madison — a combination that enriched campus and led to multiple accomplishments.

Born and raised in India, Khanna was an active member of the Relay for Life fundraising effort at Oberoi International School, the high school he attended in Mumbai. As the organization’s sponsorship chair, he helped raise 1 million rupees to support cancer education, prevention, and research. He also served as a key member of the school’s student council.

Khanna continued his commitment to social causes and student-driven leadership at UW–Madison. Through all four years on campus, he served on the Student Advisory Committee for the Dean of Students Office. Beginning in 2020, he served on the COVID-19 Student Advisory Board, where he brought important perspective as both a longtime member of the dean’s advisory committee and as an international student unable to quickly return home during the global pandemic.

Khanna also was deeply involved in multicultural student organizations, including Aa Dekhen Zara, an annual South Asian Dance competition hosted by UW–Madison students, and the Wisconsin School of Bhangra, one of the premier dance groups on campus. For the latter, Khanna participated as both a dancer and manager.

During his time on campus, Khanna embraced learning opportunities across the globe, including internships in India, the U.S., and the United Arab Emirates. He is earning a bachelor’s degree in mechanical engineering and has accepted a position as a mechanical design engineer in the area of battery packs for a leading U.S. manufacturing firm.
SENIOR CLASS OFFICERS

Pranav Srivastava, President
Hailing from Wausau, Wisconsin, Pranav is a passionate Wisconsinite keeping the Mad in Madtown. At the UW, Pranav studies finance and economics, focusing on behavioral game theory and valuation. He is also completing the art history certificate, concentrating on modern cultural arts. On campus, Pranav served on Student Council and the Student Services Finance Committee, and he is a member of the AKPsi business fraternity. For two years, Pranav danced competitively around the nation with the Wisconsin School of Bhangra. Additionally, Pranav co-founded an ed tech startup called Abloh with the goal of transforming higher education through the lens of data analytics and university connectivity. Pranav will begin his career in tech-investment banking, and he ultimately aspires to operate an impact investment fund specializing in biotechnology and climate innovation. As the 2022 senior class president, Pranav is most proud of implementing the Diversity, Equity and Inclusion Director position, catalyzing the Pail & Shovel Climate Revolution, Toga III, and soaking up Madison’s sweet, sweet energy.

Barni Shiferaw, Vice President
From the town of Wausau, Wisconsin, Barni is pursuing a biology major with a certificate in health and the humanities. On campus, he has held several leadership roles including Chancellor’s Scholars Class co-chair, Bucky’s Classroom senior advisor, and health coaching coordinator at Wingra Family Medical Center. Barni is passionate about mentoring young students, especially those who are underrepresented in higher education. Following graduation, he is planning to continue his education and attend medical school. In the meantime, he will be spending his senior year reviving the Pail & Shovel Party by bringing back the shenanigans and traditions that make UW–Madison the iconic university that it is. If you see him on campus, you will probably recognize him by his iconic afro or devious personality.

Julia Elert, Events Director
Born and raised in Libertyville, Illinois, Julia comes from a long line of Wisconsin Badgers. Studying alongside her brother and sister while at the UW has been the highlight of her college experience. She will be graduating in the spring with a double major in industrial engineering and data science with a certificate in computer science. Julia first found her passion in event planning as the advancement assistant for the College of Engineering. She then took the position of external relations officer for the UW–Madison chapter of the Institute of Industrial and Systems Engineers (IISE). This role required her to manage corporate relationships with regional and national engineering firms to plan recruiting events and secure sponsorships. This year as the SCO events director, Julia wants to create new opportunities to bring students together from all ends of campus. After graduation, Julia will pursue a career in consulting in Chicago.
Sami Imam,
Communications Director

A product of the Chicago suburbs, Sami was born and raised in Oak Brook, Illinois. Sami is a computer science major pursuing a digital media production certificate. Growing up in a Pakistani Muslim household, Sami takes pride in his cultural identity. He is the media and outreach chair of the Pakistani Students Association; the events coordinator of MannMukti, an organization that promotes South Asian mental health; and the graphic design and video intern at the Multicultural Student Center. In addition, Sami is a brother in the Muslim fraternity on campus, Alpha Lambda Mu. In his free time, Sami enjoys watching pretentious films, playing basketball and spikeball, and creating art through videography and photography. As the communications director, Sami aims to promote an energetic and inclusive atmosphere for this year’s senior class through his videos and other media tactics. If you ever need a movie recommendation, Sami is the man to consult.

Yahvi Mahendra,
Diversity, Equity and Inclusion Director

From growing up as a Chicago suburbanite, spending her summers in Milwaukee, and now living in Madison, Yahvi has had her share of the Midwestern experience. In her time at UW–Madison, Yahvi has studied sociology and health promotion and health equity, and has received certificates in global health and leadership. Yahvi has joined and held leadership roles in a number of student organizations, including being president of Amnesty International and the India Students’ Association, volunteering with BASES, and being a photographer for ALT Magazine. Over the past three years at UW–Madison, her interdisciplinary curriculum and her extracurricular work have allowed her to focus on understanding disparities within various ethnic backgrounds and advocating for underserved populations’ access to equitable health. Being in the Senior Class Office as a DEI officer is a valuable addition to this goal. After graduation, Yahvi will pursue a career in health policy and a master’s in public health concentrated in global health policy.

Trinity Cross,
Philanthropy Director

Trinity is a scholar, dancer, writer, and creative director here at UW–Madison. Hailing from Milwaukee, Wisconsin. As a graduating double major in human development and family studies and communication arts with an African American studies certificate, Trinity has found a way to fit her passions and talents into a degree plan with the end goal of being a child psychiatrist. Trinity has also joined, led, and expanded many organizations on campus including the Rootz Dansas, The Black Voice, Queen in You, and the Black History Month Planning Committee. Outside of classes, Trinity works as administrative and creative director of the Hull Lab in the Department of Biochemistry and critiques films in her free time. Being selected as the 2021–22 Senior Class Office philanthropy director was an honor. In this position, Trinity uses her negotiation and interpersonal skills as well as her charm to ensure the senior class leaves a wonderful legacy for future Badgers.
The University of Wisconsin–Madison

The University of Wisconsin–Madison and its alumni have a rich tradition of national and international leadership in teaching, research, entrepreneurship, and public service. We regularly rank near the top in research dollars and are rated among the strongest in the world in international reputation. And, as any visitor can readily attest, our beautiful lakeshore campus is considered to be among the nation’s most picturesque.

This university has existed for as long as Wisconsin has been a state, tracing its roots to a clause in the Constitution of the State of Wisconsin decreeing that the young state should have a prominent public university. In 1848, legislators passed a bill that formally created the University of Wisconsin. Its first class, with 17 students, met in Madison on February 5, 1849.

From these humble beginnings, the university has grown into a large, diverse community with more than 47,932 students representing every county in Wisconsin, 50 states, and 119 countries.

Across campus, the words “sifting and winnowing” often appear when describing UW–Madison’s intellectual life. They date back to an 1894 Board of Regents statement on academic freedom:

“Whatever may be the limitations which trammel inquiry elsewhere, we believe that the great state University of Wisconsin should ever encourage that continual and fearless sifting and winnowing by which alone the truth can be found.”

Inspired by this spirit, scholarly inquiry has fed a steady stream of discoveries. From vitamins, agricultural techniques, and wildlife ecology to stem cells, biofuels, and economic well-being, the university continues to foster ideas and research that change lives.

UW–Madison is the oldest and largest campus in the University of Wisconsin System. Its mission is to provide “a learning environment in which faculty, staff, and students can discover, examine critically, preserve and transmit the knowledge, wisdom, and values that will help ensure the survival of this and future generations and improve the quality of life for all.”

The university strives to achieve these ends through the continual advancement of its teaching, research, and public service programs. Throughout its history, the university has sought to bring the power of learning into students’ daily lives through innovations such as residential learning communities and service learning courses.

We are motivated by the “Wisconsin Idea” — articulated a century ago as the principle that the university’s influence should benefit everyone in the state. Today, this principle has expanded to a global scale. The Wisconsin Idea continues to permeate everything we do, helping to forge close partnerships between faculty, staff, and students, and people, communities, and industries around the world.

Program Notes

The school and college flags used in today’s ceremony were commissioned for Commencement by Chancellor Rebecca Blank. They are used in this and other similar ceremonies, including the Chancellor’s Convocation for incoming students — the complementary celebration to Commencement that begins students’ university careers.

The flags’ background wave design reflects the university’s location along Lake Mendota. Colors on each flag reflect the traditional academic colors for the courses of study within each school or college. The Graduate School, School of Education, and College of Letters & Science are multicolored, representing their varied disciplines. Flags also feature the year in which each school or college was founded, from 1848 for the Law School and School of Medicine and Public Health (authorized in the charter for the newly created university) to 1983 for the School of Veterinary Medicine.
Flag bearers in the opening procession were selected by the dean of each school and college to represent their fellow students.

Graduate School
Julia Martien
   PhD, Microbiology

   Certificate in Global Health
Academic Attire

Gowns
Gowns represent the three principal levels of academic achievement. The bachelor's gown, symbolizing the first degree, is made of black material and has a closed front and long, pointed, open sleeves. Master's candidates wear a black gown with a closed front and long, closed sleeves. The gown worn by doctoral candidates has an open front with bell-shaped sleeves. Doctoral gowns are further embellished with velvet trim in the form of crossbars on the sleeves. In spring 2017, the gown designs were updated to include the University of Wisconsin–Madison colors and crest logo, providing both a pop of red among the traditional sea of black and an additional display of UW spirit that’s recognizable to all.

Hoods
Academic hoods are used as a further means of identifying the level of degree attainment. The bachelor's hood, worn only by those who have previously received a baccalaureate degree, is rather short with a narrow velvet edging, the color of the appropriate discipline and a lining in the color of the institution — cardinal at Wisconsin. The master's hood is considerably longer, has a wider velvet edging, and exposes more of the lining. Doctoral hoods have the widest velvet edging, wide panels at either side, greater length, and a fully exposed lining.

Caps and Tassels
Candidates for the bachelor's degree wear the black mortarboard cap with tassels of their course color. The tassel is worn on the right side until the formal conferral of the degree. At that time, the tassel is moved from the right to the left side. Candidates for the Law JD and SJD degrees wear an eight-sided black tam with a gold tassel. Candidates for all advanced degrees wear black mortarboard caps with black tassels on the left side. Some holders of degrees from other countries or institutions wear special hats that are distinctive to their degree. Graduates displaying the red and white philanthropy cord have chosen to make a financial gift commitment of support to the university.

Honors
Bachelor's degree candidates with distinctive scholastic achievement wear cardinal stoles over the fronts of their gowns. Bachelor's degree candidates participating in an honors program wear white stoles with cardinal bars.

UNDERGRADUATE DEGREE CANDIDATES

This list of undergraduate degree candidates was compiled from information available to the Office of the Registrar as of November 5, 2021, and should not be regarded as conclusive evidence of graduation or academic standing.

Selection as an honors candidate indicates participation in the honors program in the student’s school or college and does not necessarily indicate fulfillment of the requirements for a degree with honors.

A student selected for distinctive scholastic achievement has completed a minimum of 60 credits at UW–Madison and has a cumulative grade-point average placing them within the top 20% of graduating students in the school or college.
