# Undergraduate Degree Candidates

This list of undergraduate degree candidates was compiled from information available to the Office of the Registrar as of April 20, 2026, and should not be regarded as conclusive evidence of graduation or academic standing.

UW–Madison does not use Latin honorifics such as cum laude. Students honored for distinctive scholastic achievement have completed a minimum of 60 credits at UW–Madison and have a cumulative grade-point average placing them within the top 20 percent of graduating students in the school or college. Selection as an honors candidate indicates participation in the Honors Program in the student’s school or college.
